CHRISTIAN SCIENCE BLAMED.

NO INQUEST YET IN THE HILLYARD MURDER AND SUICIDE CASE.

THE LAWYER'S CONNECTION WITH MRS. EDDY'S CONGREGATION HELD BY SOME TO HAVE BEEN RESPONSIBLE FOR HIS CRIMES

-WHAT ADHERENTS OF THE

FAITH SAY. The inquest in the case of Charles Kemble Hillyard, which was to have taken place at 3 o'clock yesterday afternoon, was postponed because of the absence of Coroner Coombs. Hillyard shot himself and killed his thirteen-year-old son, William, at his home, No. 212 Greene-ave., Brooklyn, on Tuesday evening. He was a lawyer with a small practice, but was well-to-do. It has been alleged that the double crime resulted from his relations with the sect of Christian Scientists. The full story of the murder and suicide was told in The Tribune yesterday. Several reporters visited the home of the suicide last night expecting that the inquest would then be neld, but the Coroner did not appear. It is not yet known when Dr. Coombs will hold an inquest.

SCIENTISTS IN TWO CAMPS.

The Christian Scientists of Brocklyn are much stirred up about the murder and suicide. Some of the Brocklyn newspapers yesterday published statements that the relatives of Mr. Hillyard blamed his devotion to Christian Science theories for the double crime. It was said that John Hill-yard, the dead man's brother, was particularly disposed to blame the Christian Scientists. The sentiment among the members of that sect was strong

The principal Christian Science organization in this city is the First Church of Christ, in Bed-ford-ave, near Madison-st. The pastor is the Rev. Frank E. Mason. Mr. Hillyard did not belong to this church, but to a church of seceders from the regular organization, which is devoted to the theories of Mrs. Mary Becker G. Eddy, of Concord, N. H., which until recently had a small building in Adelphi-st, but has lately taken its quarters in the Wilson Building, in Pierrepont-st, The parti-sans of Mrs. Eddy claim to be the only orthodox Christian Scientists, while the other organization declares that Mrs. Eddy aspires to be "a Pope, and is unwilling to permit free sentiment in the Hence the members of the Church of Christ are unwilling to say that the teachings of those whom they call the "Eddyites" were not pervertive, but all factions are firmly convinced hat Christian Science teachings could have had nothing to do with the suicide and murder.

ELEANOR KIRK SPEAKS FOR HER CREED. Mrs. Eleanor Kirk Ames, known by her pen name of "Eleanor Kirk," is one of the leading Christian Scientists of the city. She was much moved by the charges made against her creed, and said to a Tribune reporter, who visited her

ble for this double crime is most illogical. If no member of an orthodox Christian church had ever committed such a crime it might be in order to charge an unorthodox church with being responsible for this one. There is nothing in our teachings which would encourage a man to commit such a crime. Christian Science teaches life and life more abundant all the time. With them there is no fear of hell and no other fear. The idea of Christian Science is to eliminate all fear from every mind.

of hell and no other fear. The idea of Christian Science is to eliminate all fear from every mind. I suppose that this man really lost his reason, or he would not have done what he did.

"Nor is there anything depressing about the Christian Science belief. On the contrary, there is about it everything that exhibates. Mark this: This is the first time that such a thing has ever happened among Christian Scientists. Never hefore, as I am informed, has a suicide and murder taken place among them.

"This charge is utterly illogical. The man was out of his mind; it makes no difference whether he was a Presbyterian, a Unitarian, a Methodist. a Catholic or a Christian Scientist. Any man who loses his balance is likely to commit such a crime. If a person happens to die under the hands of a Christian Science physician Christian Science is blamed; but they never blame a regular physician under whose hands any one dies. It is no uncommon thing for people who attend revivals, or are converted to orthodox religion, to commit suicide or to become insane and commit such crimes as this; the newspapers record many such incidents. That is never regarded as an argument against orthodox religion, but heavy, was a member of an unpopular church, this charge is brought against his creed."

SAYS HILLYARD WAS DEMENTED.

SAYS HILLYARD WAS DEMENTED.

The Rev. F. E. Mason, who was seen at his home at the close of a meeting, in response to the question whether there was anything in Christian Science teachings which would lead to valuing life lightly, said: "Just the opposite." He then con-

I do not answer for the teachings of the Eddy-

"I do not answer for the teachings of the Eddylies. I know nothing of their teachings. The Eddylies in this city are seceders from my church, and it was to them that Mr. Hillyard belonged. I do not know him—never net him, but he was plainly demented. Christian Science could not have been responsible, for it teaches nothing but life. The Christian Scientist knows that death, either by zuicide or any other method, is no gain. The possibilities of the moment are, according to his belief, equal to any possibility of the future."

Mrs. Holmes, of No. 17: Schermerhorn-st., formerly an active Christian Scientist, who has lately been less active because of the renewed prominence of Mrs. Eddy's theories, said:

"There is no religious teaching in the world so absolutely diametrically opposite to suicide and murder as that of Christian Science. We believe in the immortal life, and that it is now and here. A suicide files in the face of God. This man must have been demented, and it was not from any teaching of Christian Science, because the teaching of Christian Science, because the teaching of Christian Science is love. There is nothing there that would cause a man to take his life. If a demented man of any other belief took his life no one would think of charging his belief with the crime. It is simply because he is a Christian Science is love. There is nothing there that would cause a man to take his life no one would think of charging his belief with the crime. It is simply because he is a Christian Science is love. The reaching of Christian Science is found in the fitth chapter of Mathew and the ninety-first Paslin.

The inneral of Mr. Hillyard and ris son has been postponed until to-morrow in order to allow his hother-in-law, Robert Mein, who lives he lowa, to reach the city. The Rev. Joseph Duan Hurrell, of the Classon Avenue Presbyterian Church, will officiate Burial will be in Greenwood Cemetery beside the bodies of his wife and son.

THE COURTS.

AN INDEMNITY COMPANY SUED.

WHOLESALE CLOTHIER WANTS \$9,200 ON A BOND INSURING HIM AGAINST BAD DEBTS. A suit was brought to trial before Justice Giegerwhich Max Ernst, the wholesale clothier, sues the American Credit Indemnity Company of New-York to recover \$9,200 on a bond given him by the defendant company indemnifying him against bad debts. The plaintiff's claim arises out of the fail-

Bros., of New-York; Axman & Goldenberg, of Kansas City, and Griel & Kohn, of Selma, Ala.

The defence is that in the Cohn, Ball & Co. claim the plaintiff collected \$2,000 out of \$3,400, and held security for the claim in the Mann Bros, case for \$11,000, which Ernsi released for \$5,000, against the protest of the defendant company. The defendant company fu ther asserts that it received from Ernst no information as to his release of the security held by him. Regarding the claim by Ernst for \$4,500 in the case of Axman & Goldenberg, the indemnity company alleges that the plaintiff received notes from third parties in payment of the claim, and is therefore debarred from recovering on the bond.

W. Cohen, of Hoadly, Lauterbach & Johnson, who represented the defendant company, moved for the plaintiff collected \$2,000 out of \$3,400, and held

SHERIFF TAMSEN AFPOINTS HIM WARDEN-EX WARDEN ROE ISSUES A STATEMENT.

Ex-Police Captain Patrick H. Pickett was appointed and sworn in as warden of the Ludlow Street Jail yesterday, to succeed William I. Roc, removed. Pickett was relaced under a bond of \$50,000, and gave as attreties Patrick McMorrow and James Fay. When apoken to about the appointment, Sperin Tamsen said: Captain Pickett had the indersement of every judge of the Court of General Sessions and is eminently fitted for the position of warden. He is a Tammany Hall man, but his appointment has no political significance.

his appointment has no political significance."
Warden Pickett took charge of the jall yesterday afternoon. He is a member of the Algonquin Club, in East Eighty-fourth-sh., and is on the General Committee in that district.

Ex-Warden Roe yesterday gave out a long statement, accompanied by a number of affidavits, in support of his contention that he was not responsible for the escape of the last four prisoners from the Jail. The statement was to the effect that the escape of the prisoners was due to the fact that repairs which the Warden had time and again begreat the Sheriff and the Board of Estimate and Apportionment to have made, were never undertaken. The ex-warden also bian ed Sheriff Tamsen for not having allowed him to describe the condition of the Jail to the newspapers and thus start an agitation which the authorities would be compelled to heed. Sheriff Tamsen, in reply to the statement, said: "Warden Roe was removed because he was not a disciplinarian. He would not resign, and I could do nothing but remove him."

This is a preliminary contract, and it is expected to be followed by others. About \$700,000 is involved. This is the first large contract of the kind secured in Europe by an American concern, it was closed by E. W. Rice, technical director of the General Electric Company, who went to Europe for the purpose.

MORE FACILITIES NEEDED.

At the close of the conference of the special Com-At the con Abuser of the Medical Society of the County of New-York on Tuesday Dr. Earl Sprague Babcock, one of the members, talked somewhat freely upon the controversy that is now agitating medical circles. In the course of his arguments he referred to the gift of J. Pierpont Morgan of \$1,000,-000 to erect a maternity hospital, when, as he as-serted, there were more than enough of institutions seried, there were more than enough of institutions of the kind in this city. A medical director of the Lying-In Hospital, when he read this statement yesterday, repudiated its accuracy. "The statistics alone of the Health Department," he said, "will suffice to show that there are insufficient facilities in this city for the confinement of poor women. During the twelve months ending last October the number of births reported to the Department was 55,6%. It is estimated that 28,6% of these were cared for by physicians in practice, leaving more than twenty-six thousand women to be treated by unskilled midwives or dependent upon such charitable aid as they could get. It is easy to judge from these figures that more facilities than now exist are required."

The annual reunion of the veterans of the 9th Regiment, N. G. N. Y., 83d New-York Volunteers, and the thirty-sixth anniversary of the departure of the regiment for the war, will be celebrated tonight by a dinner at Clark's, in West Twentythird-st.

The old directors of the Pacific Mail Steamship Company were re-elected yesterday, as follows: Collis P. Huntington, Henry Hart, Isaac E. Gates, Calvin S. Brice, Samuel Thomas, Joseph Richard-son, Russell Sage, George J. Gould and R. P.

Thomas B. Williams resigned yesterday from the Governing Committee of the New-York Stock Exchange. His term would have expired in May, 1899. His successor was not appointed. Three more cases of smallpox were reported

sixty-three years old; Christopher Callahan, seven months old, and A. Callahan, two years old, all of No. 304 West One-hundred-and-sixteenth-st. Inspectors are investigating the cases. The woman who died in front of No. 827 Second-

on Monday night and on whose coat was found a tab bearing the name "Mrs. Vanderbilt" has been identified at the Morgue as Mrs. Ann Elizabeth Neary, fifty years old, who had Frederick W. Vanderbilt, at Fortieth-st. and Fifth Justice Smyth in the Supreme Court yesterday

dismissed the writ of habeas corpus in the case of Charles J. Howard, who is locked up on a charge o securing about \$100,000 worth of property in Maryland under an alleged fraudulent deed. The Justice holds that the order of arrest is regular.

Justice Lawrence in the Supreme Court yester day granted a decree of divorce to Mrs. Dora Martyn from her husband, Ferrer Martyn. They were married on June 14, 1894. The first annual convention of the American

Longshoremen's Union closed last night at the headquarters of Branch No. 2, at Houston and West sts. Edward McHugh, the delegate and organizer of the Dock, Ship and River Workmen of Great Britain, was elected president for the cur-rent year, and Bolton Hall was re-elected treasurer of the local branches in this city and its vicinity.

BURGLARS IN A SPORTING GOODS STORE.

THEY ROR "BILLY" WOODS OF \$250 AND A WATCH HE RECEIVED FROM YALE MEN.

The sporting goods store at Nos. 23 and 25 West One-hundred-and-twenty-fifth-st. belonging to One-hundred-and-twenty-fifth-st. belonging to William Woods was entered by burglars some time on Tuesday night. They opened the safe and stole \$250 in silver and bills. \$4 in pennies and a gold watch, for which Woods mourns more than he does the money, as it was presented to him by Yale men in 1865. "Billy" Woods was Yale's rowling coach in 186, and afterward, and it was under his guidance that the university won its first three straight ma'enes from Harvard's crew. For this the watch was presented to him. A revolver, one of a dozen, wis also stolen from the showcase; books and papers were removed from the safe, examined and afterward strewn about the floor, and an iron bar was pried off one of the back windows. The burglary was not discovered until Woods opened his place this morning. It was found that the safe had not been forced open. The burglars had worked on the combination for a time, and had soon swung the doors open. The men are believed to have entered the store by the rear windows which open on to yards in the rear of several apartment-houses in One-hundred-and-twenty-sixth-st. The front doors of these houses are locked during the night, however, and no one not having a key to the doors could gain admittance to them.

A screwdriver and a pair of pincers of the best William Woods was entered by burglars some time A screwdriver and a pair of pincers of the best steel and workmanship were left behind by the burglars when they left the place, and these are the only clews the police have to work on in their search for the thieves.

SAYS HE IS JUSTICE JEROME'S BROTHER There was a fight in a lodging-house at No. 270 Bowery Tuesday afternoon, and as a result the manager. Forest R. Stouer, caused the arrest of the man who, he alleged, assaulted him. The prisoner gave his name as Lawrence Jerome, fortythree years of age, his address as No. 33 West

three years of age, his address as No. 33 West Nineteenth-st., and his occupation as a broker. When Jerome was arraigned before Magistrate Kudlich in the Centre Street Court yesterday afternoon he asked for more time in order to confer with his brother.

"Who is your brother?" asked the Magistrate.

"W. Travers Jerome, the judge," he replied.

"I don't believe it," said the Magistrate. "I shall hold you in \$200 ball for trial in Special Sessions."

Justice Jerome has a brother Lawrence, and some of the court attaches thought they saw in the prisoner a resemblance to the judge.

In speaking about the case last night to a Tribune reporter, Justice Jerome said that he did not know, whether or not the prisoner was his brother.

TEN DENTAL SCHOOL GRADUATES. The fourth annual commencement exercises of the New-York Dental School of the New-York University was held last evening, in the main hall of the Academy of Medicine, at No. 17 West Fortythird-st. A rule of the University makes it obligatory to hold a public commencement whenever

"LIAR" AND "COWARD" HEARD IN THE MEET-ING OF TARRYTOWN TRUSTEES, WHICH SUDDENLY QUIETED DOWN. The one topic of conversation in Tarrytown yesterday was the meeting of the Board of Trustees on Tuesday evening. The trouble arose when the minutes of the previous meeting were being read by Clerk Hector. When he came to a resolution regard to an appropriation of \$10,485 for the Water Board, the minutes showed that the resolu-tion was carried by the votes of Trustees Roe, Odell and Merritt, President Gross and Trustees Vander-bilt and Yocom having declined to vote. The latter three, however, say that they voted against the resolution, but that their votes were not recorded. Sharp remarks were made, Dr. Roe saying that Vanderbilt had "sneaked out of his share of the work in making the new assessment roll be-

his duty as trustee." Vanderbilt sprang to the floor and said that he attended the first meeting of the assessors, when he was proposed for chairman, but that no more attention was paid to it than if he had been a puppy. He attended another meeting, at which Dr. Roe asked if they would proceed with the business. He said that Corporation Counsel Ely began swearing, and accused him (Vanderbilt) of sneaking in just for a few moments. Ely then jumped up and called Vanderbilt a "common liar and a common coward." He declared he never said such a thing, and that Dr. Roe would bear him out. Vanderbilt then called Ely a liar.

President Gross rapped for order and threatened to call in the police. "This shows just how the Board is run." he said. After an exchange of other personalities every one suddenly became quiet. As a side issue President Gross sent out for a box of cigars, and had them passed around. Finally Dr. Roe moved to approve the minutes, with the exception of the Water Board resolution, which was unanimously passed. The Board then adjourned. attended the first meeting of the assessors, when

CAPTAIN REED FOUND NOT GUILTY.

THE CHARGE THAT HE FAILED TO PROVIDE PROPER FOOD FOR HIS CREW DISMISSED.

The jury in the case of Captain Edward W. Reed, who has been on trial in the United States Circuit Court since Thursday last on the charge of having failed to provide proper food for the crew of his ship, the T. F. Oakes, on the passage from Hong Kong to this port, brought in a verdict of "Not guilty" yesterday. The verdict had been reached on the previous night after six hours' discussion. Captain Reed was at once discharged. The Oakes arrived at this port on March 2, 28 days out from Hong Kong. Six men, including Mr. Bunker, the chief officer, had died on the passage, and twelve of the crew were removed to the Martine Hospital, suffering from scurvy when the ship reached port. The Oakes has been libelied in a civil suit, in addition to the criminal proceedings brought against the skipper. who has been on trial in the United States Circuit

DISCHARGE OF TWO DEAN PRISONERS.

CASE WHICH AROUSES HIS SUSPICIONS. District-Attorney Olcott yesterday began an in vestigation into the discharge on Monday last of two of the prisoners in the case of the defunct E. S. Dean Company. The prisoners, arraigned in the Jefferson Market Court Monday, were Albert R. Goslin and Jacob Lambert. Assistant District-Attorney Zaring, who was conducting the cases, said that Colonel Robert Ammon, who had been assisting the District-Attorney's office in the matter, had told him that Assistant District-Attorney ter, had told him that Assistant District-Attorney Allen, who had had full charge of the cases, had told him that he would consent to the discharge of the two men. Thereupon, Mr. Zaring, upon that representation of Colonel Ammon from Mr. Allen, consented to the discharge of the two men in the court.

District-Attorney Olcott heard of the matter yesterday morning and began an investigation. Mr. Allen says-that he did not tell any such thing to Colonel Ammon and that there seems to be collusion somewhere in the matter.
